WE THE CLASS  
OF 1956  
DEDICATE THIS BOOK  
TO

MR. ROBERT HUFF

Since Mr. Huff came to Harbor in 1953 he has gained the friendship of every student in the school. He greets everyone with a friendly smile.

Besides being an active leader of the Student Council he was our sophomore class advisor when he first came here.

We are happy to dedicate this book to a man who we feel is worthy and deservant of it.

# FOREWORD

## TODAY

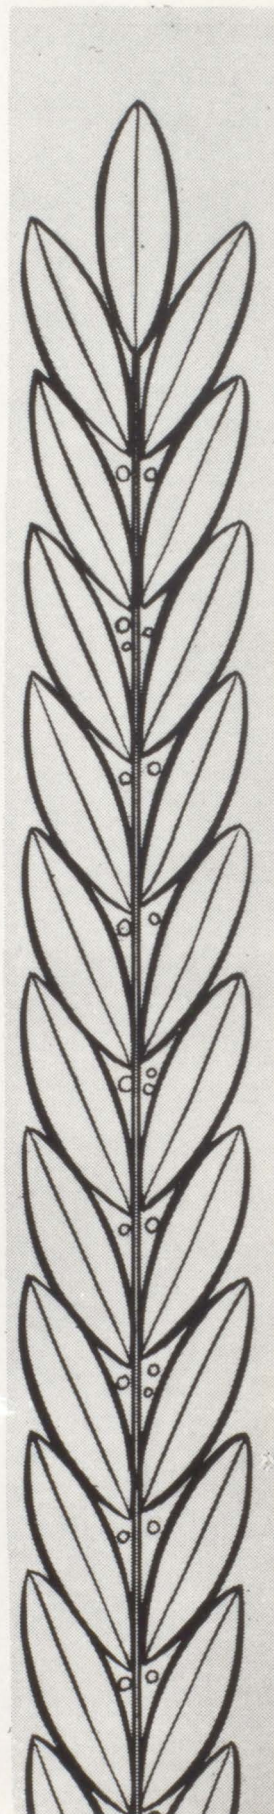

With every rising of the sun  
Think of your life as just  
begun.

The Past has cancelled and  
buried deep  
All yesterdays. There let  
them sleep.

Your will and plan. Since  
time began  
Today has been the friend of  
man.

You and Today! A soul sublime  
And the great heritage of time.

With God Himself to bind the  
twain,  
Go forth, brave heart! Attain!  
Attain!

## SENIORS OF 1956:

You are about to close the second epoch of your life. The first was finished when you went from your home, at the age of five or six, to enter school.

This epoch has been one of many varied experiences. You have spent the whole period attending schools. During this time you have grown in stature, mentally, spiritually and physically. You have had much interest and help from your home and the school in the guidance of preparing for a life career. At the same time you have had much freedom of choice in making your own decisions.

Right now you are faced with many new problems. Has my preparation helped me in planning my future? What can I do best? Should I go to college? How can I bear the financial obligations of continued education? What are the real values in life? Am I beginning to see a vision of the world and its future wonders?

The period you are entering will be demanding. It will require that you develop and hold firmly onto a real sense of positive values. Your sense of real values in life will depend on your viewpoint. Remember that real value does not depend on size alone. Material things alone have no true value. The things we do, do not offset the things we leave undone. It is not how much you do but how well you do it, that is important.

I know you are looking for happiness and recognition. That is as it should be. But, luxuries and pleasure alone do not make for real happiness. If you use your luxuries and by striving, bring success and happiness to others, then you have found the real and lasting pleasures of living. Only the things that are eternally and fundamentally right create and prolong the thrills of living.

Dorothea S. Kopplin in "Something to Live By" says: "A good reputation; a clear conscience; appreciation of nature; a peaceful heart; a knowledge of having given happiness to others; a trained and well filled mind; satisfaction from duty well done; faith in the outcome of right; contentment; well adjusted social relationships; these make for true happiness."

The Board of Education, faculty and I will anxiously follow your successes when you have gone. We wish you true happiness during commencement time and in the new epoch of your life.

Ralph S. Lanham, Superintendent

# SENIOR CLASS PLAY

The senior class presented "The Remarkable Incident at Carson Corners", March 16, in the Harbor High School auditorium.

The three-act drama by Reginald Rose took place in a small high school auditorium at Carson Corners.

Students conduct a mock trial to find out who is responsible for the death of Bill McGinnis, a fourteen-year old student who, five months earlier, had fallen to his death when the school fire escape collapsed.

Step by step the entire community is involved in the tragedy and they are all found to be responsible.

The theme is based upon the immortal words of John Donne:

"No man is an island unto himself. Every man's death diminishes me, for I am involved in mankind."

## SPECIAL ACTIVITIES

## JR. SR. PROM

The 1955 Prom, "Land of Dreams", was held Saturday, May 14. The Banquet, which took place at the Swallowsala, was presided over by Karl Rill who acted as Master of Ceremonies.

The Class Prophecy was read by Jack Kangas, junior class president, and Robert McNutt followed with the Last Will and Testament.

The Dance which followed at the Fawcett Gymnasium added to the misty atmosphere with its array of spring flowers which softly draped the trellises and picket fences. These surrounded the entire gym. Pastel clouds hung at different levels from the ceiling. The outstanding feature was the silver tree in the center of the floor set off by black spotlights.

Parents of the junior class members provided for entertainment from one o'clock to four-thirty A.M. Breakfast was served as the final climax.

Bob Lampela and Dick Wiitanen made the All-County and All Western Reserve first teams.

Lampela was the highest scorer in the league play and second highest scorer in the county.

Marv Kuula, Al Grippe, and Jim Bordeaux, junior, made the All-County second team with Gary Donatone and Al Grippe on the All Western Reserve second team.

Two seniors, Joanne Fitting and Susan Spaller, received letters for three years work as cheerleaders. Penny Behrendt, Sandra Lanham, Charlotte Heisroth, and Mary Lou Jaskala who have all completed two years, will return next year. They attended the Cheerleader's Clinic with other girls from Northeastern Ohio. The cheerleaders sponsored dances to raise money for their new uniforms. The girls hold practice twice a week to prepare for pep meetings for important games.

# CLASS HISTORY

Each time we stand together to sing the "Harbor Hymn" this year, we rejoice because we have climbed to the final step on our educational ladder. But, as we think of all the memorable moments we have shared over these thirteen years we feel a certain reluctance to see them come to an end.

These wonderful times began in September of 1943, when many of us entered kindergarten. Some of us were a little bashful, but with Miss Harriet Tilton's guidance, we learned to color, to paint, and to adapt to each other. It was like playing house in our homes with a real doll house, blocks, and other toys.

Then we passed into the first grade with flying colors. We learned to read and to write. The second and third grades passed so rapidly that few incidents stand out. We can recall the annual operettas. Those were the days, as we've heard our parents tell us--days when we were young and innocent and subject to command.

We felt much bigger in the fourth grade, because we had graduated to the second floor. We were more conscious, too, of our rivals at the other school.

With its thicker books, the fifth grade brought us more privileges. We were young adults! We could now attend the high school plays.

We were really "big shots" in the sixth grade. But we felt then a little as we feel now. We were on the threshold of a new adventure--high school! We wondered how we could leave everything behind--no more recesses, operettas, or May Day programs.

We remember the lost feeling when our beloved Superintendent W.E. Wenner passed away that year. The memory of him brings a smile to our lips and warmth to our hearts.

We went into the seventh grade like the "whining school boy with his satchel and shining morning face, creeping like snail unwillingly to school." But after a week or two we were well into the swing of things.

It hurt a little to see Halloween and Valentine's Day roll around without parties. But, after all, that was for kids! One thing we couldn't ignore so well was that we were again the "babies" of the school.

Each year in high school has flown by just a little faster. To the new friends we made in the seventh grade were added others from Mother of Sorrows in the ninth grade.

There were the usual trials and tribulations in the tenth grade, and pleasures, too. Mr. Meehan, our new principal, kept things running like clockwork and we can still hear Mr. Fawcett explaining how a bill becomes a law.

These last two years we have watched each other play and march with the band, rough it up in football or tussle in basketball. Choir, Varsity Shows, and plays have revealed other unsuspected talents.

Highlighting our junior year was the Prom--our Prom. What a thrill it was to see the gym transformed for a night into a true "Land of Dreams". There was our play, "The Magnificent Obsession", too. It was work, but it was fun, and it was exciting.

Scattered along the way had been our numerous romances, "like the lover, sighing like furnace, with a woeful ballad made to his mistress's eyebrow". In some cases they started as far back as kindergarten.

And now we are seniors, about to set forth again into unfamiliar territory. We shall be fortified with memories of the past we have known and the faculty who have pushed us along for thirteen unforgettable years.

"And as we sadly start our journeys far apart, a part of every heart will linger here".

## CLASS PROPHECY

The Harbor High School Class of 1956 has met here tonight to celebrate its tenth anniversary.

This is not just an ordinary reunion. Because members of the class have accomplished so much in so many different fields, it is the subject for tonight's "This Is Your Life". We present to you then not one but 77 outstanding personalities.

TIM KALLIO recently won fame and fortune by answering the \$64,000 question. The question? To define Einstein's theory of relativity. Victor Paananen was on the same show. He got as far as the second question: who discovered America?

TOM TIKKANEN and AL GRIPPE appear regularly on their popular TV show, "Learning to Cook in Five Easy Lessons." Their sponsor is Spaller Cigarettes. The company is named for SUE SPALLER, who smokes them faithfully. Her slogan is "Holler for a Spaller".

Sports fans are familiar with several members of this class.

DAVE KUMPULAINEN and DON CEVERA are star players on a professional basketball team. GARY DONATONE, manager of the team, mentions that their height adds greatly to the team's rebound and sharpshooting reputation.

KARL RILL has just won the heavy weight lifting contest. He attributes his strength to the fact that he regularly eats his Wheaties.

The entertainment world is enriched by numerous stars from the class of '56.

JOANNE FITTING and BARBARAKOI are regulars on Arthur Godfrey's Wednesday night show. The rumor has been going around lately that Joanne might get the axe as did Marion Marlowe. She is said to be seeing quite a bit of singer Julius La Rosa of another network.

CLOVENE LUOMA is playing the drums at "Big Joe Moore's". They say she can really play the jazz. Those "cool cats" go for it.

JOHN URBAN has become Liberace's partner. His classmates easily recognize him as Kiderace.

RALPH KUIVINEN is head circus keeper. He keeps with him constantly a pet tiger--or is it a tigress?

Traveling with Ralph in his circus are CARL OLSON, known to the world as the "Coin Swallow". This is one way to keep his collection safe; ANNETTE KOSKI, the bearded lady; and FRANCES HOPKINS, the fat woman.

BRUCE "Hot Lips" LEHTINEN has been touring the country with his band. JERRY MILLER, HENRY ROSSI, and BILL PALAGIE are in it. Bill has become an excellent violinist.

Their latest stop was at BILL ASUMA'S night club in Reno. Good old Bill! His classmates knew he'd come through!

Speaking of night clubs--JOAN BEAVER is a cigarette girl at Sherman Billingsley's Stork Club in New York City. She lives in a pent house on 42nd Street.

There are some inventors with us tonight, too.

SALLY SARELL and DAWN JONES have invented a new bleach which is absolutely guaranteed to keep hair light. Among the regular buyers of their products are BOB LAMPELA and CHUCK KONDAS. Bob and Chuck don't use it; they just buy it to please the girls.

JOE PINNEY has invented a non-breakable type of glass. He was inspired by a certain nickname.

In business for themselves are many '56 graduates.

DOROTHY ORSAG, owner and buyer of Thompson's Five and Ten, has made many changes since her father gave her the store. She also owns a chain of store on West 5th Street.

MARTHA DOYLE helps her husband run a nursery school in South Africa for little "black ones".

DICK WIITANEN has opened a dance studio. His best ballet student is MARV KUULA. Marv was well known during high school days for his gracefulness.

DICK STOUFFER sells peanuts on Main Street. His best customers are MARGE and MARY ANN SHAUGHNESSY. They stop often to chat when they are on duty as policewomen.

DAVE GUSTAFSON is the proprietor of the Mobile Gas Station. He has a girl named Ethyl working for him.

BEVERLY WILLIAMS is in charge of a reducing salon. She has personally invited KAREN RUDOLPH and KAY WRISLEY to use all facilities of her salon free of charge.

MARY ANN STRANMAN and NAOMI WATTS operates a date bureau for the lonely hearts of Ashtabula. Their chief customers are PAT CRAWFORD and JOYCE McGRANAHAN, who are rooming at MARY KAY WEAVERS boarding house for traveling salesmen.

May be they helped MARY FORS nip her "Bud", for Mary is now cultivating her garden with its six rare buds. Thanks to her close attention, they are growing rapidly.

Not even the date bureau has been able to help JACKIE TOIKKONEN with her trials and tribulations concerning Pete and Jim. Both are apparently making plans to marry her--and on the same day.

It has taken BILL MCCARTHY this long to persuade his father to let him marry ELIZABETH KOTILA.

JACK McRAE has completed his marriage plans, too. The lucky girl is a princess he met while serving with the Army in Morocco.

NONA NIEMI is a weekly customer at FRANCES PARSONS' beauty salon, Fran's slogan is "We curl up and die for you." Ever since a certain senior girls' meeting Nona has never been able to pass up a free egg shampoo, facial, or manicure.

Another one of our classmates working out of town is SARAH HAKALA. She is now the secretary to the president of India.

Several others, however, are to be found working in Ashtabula.

BILL ORQUIST has become a dentist like his father. To make it a little easier on the patient, he plays the accordion to soothe their nerves.

KAREN KEYES is Sports Editor for the Star Beacon.

JIM HASSETT teaches English at H.H.S. He followed LEAH GUSTAFSON Leah quit because she felt that without Nick she could not bear it any longer. DON JONES is also at Harbor, he is now teaching Dramatics.

JANICE FORTNEY is putting her home economics ability to good use. She is experimenting with different kinds of cake mixes at Ernies' Bakery. Her best customer is Mr. Harry Lee Utz to whom she gave her first piece of cake back in '55 in chemistry class, of course, Mr. Utz was out of school the next few days with ptomaine poisoning.

ANNA LOMBARDO tutored chemistry with Mr. Utz and got a job filtering out chemicals at the Ashtubula Sewage Plant. Due to a situation beyond her control, Anna has recently sent in her resignation.

GEORGE LYNCH and GEORGE HAAPALA have stuck together all these years taking care of Frank's family. Since Mrs. Frank had the latest baby she has needed extra help around the house.

RICK COLE is head librarian at the Harbor Library. His assistants, CAROL and CARLEEN SALMEN, are now known as Mrs. JACK and JOEL KANGAS.

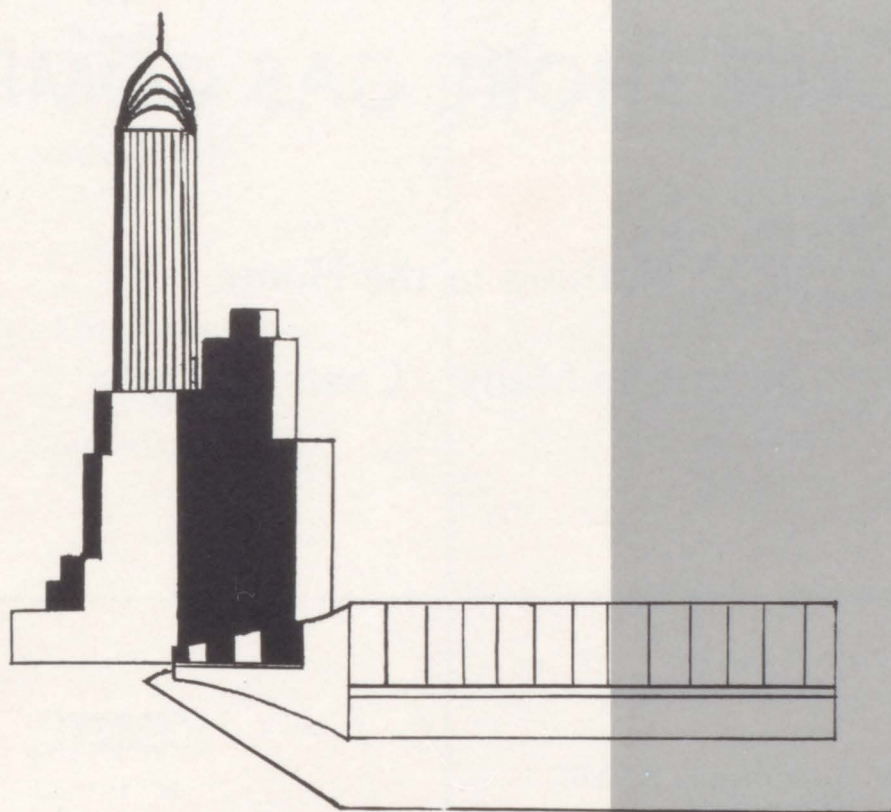

CLAIRE NIEMINEN and PIRKKO PELLTARI are top saleswomen for the Fuller Brush Company. Claire has been doing a wonderful job as a demonstrator.

Holding a more unusual job is ELIZABETH CARPENTER. She is a top flight mechanic for United Airlines.

DAVID DUTY, the well known producer, has just completed a movie, "Love Blooms at Night." The stars are RICHARD CARPENTER and ARLENE TALLBACKA.

JACK BARROWS is head of the A.A.A. His secretary, NANCY McKINNON, got the job because she has never had an accident.

One job is not enough for JUDY LAIRD. She occupies the head math professorship at Harvard University. She is also house mother for the Sigma Phi fraternity.
